

## Agricultural objector

- removal of board member (bias)
- use of alternate member
- only classifications involving agricultural land can be heard
- trained member removed
  - can offer clarification on procedures but cannot participate in deciding the case

## **Agricultural objector (cont'd.)**

- forest land used as wooded pasture
  - in addition, tillable land can be used as pasture in rotational grazing but it is still classified and valued as tillable, not pasture
- assessor gives supporting evidence for land classification
